

Frazier Lake Electric Meter Reading and Aircraft Census - December 5, 2009

Please read the electrical meter and submit the results to:

Treasurer Monty Groves
Frazier Lake Airpark
P.O. Box 513
San Martin, Ca 95046-0513

Hangar Number: _____

Membership Number: _____

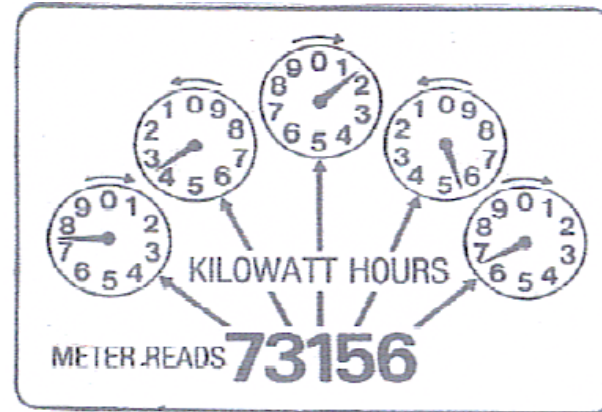

Date of Reading: _____

Meter Reading: _____

Meter #: _____

Hangar Owner: _____ Meter Reader: _____

Example Meter Reading

An Electrical Credit of \$12 per year is available for any hangar with an operational taxiway light that is powered by hangar electricity (i.e. electricity charged to the hangar owner) and operates at all times during darkness (i.e. is not activated by a motion sensor).

Taxiway Light Certification/Request (Must be signed by Agent)

I request that the Taxiway Light Credit be applied to my hangar. I certify that the taxiway light for this hangar is in working order, operates continually during darkness, and that the electricity required to run the light is charged to the electric meter on this hangar.

Agent Name (Print)

Agent Signature
